Dear faculty and staff colleagues,

As we look forward to the start of the new academic year, I want to remind everyone about our pre-session Community Gathering, which is the way we traditionally begin the year at Wofford College. This year it will take place on Thursday, Aug. 27 at 9 a.m. with a general session intended for the entire Wofford community. This morning session will include the most recent updates on the overall state of the college, reports from cabinet officers and from our colleagues leading the effort to prepare the college's multifaceted pandemic response. Following a break for lunch, we will offer a series of sessions on topics that will take us into a deeper dive into a variety of aspects of Wofford's response to COVID-19 this fall.

Because together faculty and staff constitute such a large group, we will hold the event over Zoom, rather than gathering in a single physical location this year. A full schedule for the day and links to join the various sessions will follow soon, but for now please mark your calendars for our pre-session Community Gathering on the morning and afternoon of Aug. 27.

Best regards,

Mike

CULINARY SERVICES

Welcome Back!  
Dining at Wofford College  
2020 - 2021

The AVI Fresh team is eager to welcome you with excitement and inspiration. The academic year will be an engaged process of creating innovative, healthy and wholesome food. New concepts will embrace flavors from around the world as well as comfort foods, keeping in mind the importance of health and wellness. The Culinary team has been preparing recipes for new smoked meats and sauces to add our robust program. Keep an eye out for special themed events and a new Clarity clean eating station. One of the most exciting additions to the dining program is Burwell toGO, which allows guests to quickly select prepackaged meals to go rather than eating in the dining hall. This will be available during peak times at lunch (Monday – Friday | 11:30 AM – 1:30 PM) and at dinner (Monday – Thursday | 5:00 PM – 7:00 PM).

As you prepare to come to campus, we know you have questions about how dining will work. Our top priority is keeping our guests and staff safe. Below are important safety updates to better serve you.

- Burwell Dining Hall seating has been reduced to allow for six feet of social distancing with eight seats per table
- There will be a one way traffic pattern with six feet distancing markings
- It is important to note that all staff and guests are required to wear masks. Masks must remain on while in the facility, but may be removed once seated to eat. This is required by DHEC and has become the law within all foodservice operations in the state of South Carolina.
- Hours of operation have been adjusted to accommodate for cleaning and sanitation. The dining hall will now close for 45 minutes after breakfast (10:15 AM - 11:00 AM) and 45 minutes after lunch (2:00 PM - 2:45 PM) for deep cleaning
- Self-service food, beverage and condiment items have been eliminated due to high touch points
- Reusable mugs/cups have also been suspended
- The use of disposable plates and utensils has been implemented to prevent contamination

In other dining news, the retail spaces (Galleria, The Market, Acorns, and Zach's) will look a little different and follow similar safety procedures as Burwell Dining Hall.

- There will be a one way traffic pattern with six feet distancing markings
- Self-service food, beverage and condiment items have been eliminated due to high touch points
- The use of disposable plates and utensils has been implemented to prevent contamination
- Galleria orders will be taken by a cashier. The self-service kiosks will be unavailable
- Menus at Galleria and Boar's Head Deli are streamlined in order to focus on safety and speed of service
- The Market will have a new and larger selection of grocery items
- All retail locations will have a new and larger robust selection of grab and go items

Our main focus this semester is to provide a safe dining program by frequently sanitizing and cleaning all dining areas. Have a safe and wonderful semester full of flavors and culinary creations. Find menus, hours of operation, contact information at much more at our website [www.aviserves.com/wofford](http://www.aviserves.com/wofford).

**RE:** Delayed return to work plan

Dear Colleagues and Friends,

Wofford College will delay the plan to resume pre-COVID-19 staffing levels on Monday, Aug. 17 to the following Monday, August 24. This will allow me to reach out to supervisors to discuss what returning to work may look like for employees, especially those with questions regarding flexibilities and what options may be available. I will be hosting a supervisor's forum on the topic of "return to work" on **Wednesday, August 19 at 3 p.m.** Supervisors should register for that session [HERE](#).

With the start of the semester just around the corner, we are asking that all faculty and staff commit to the safety of the Wofford community and follow the COVID-19 safety measures as outlined in Wofford Together. Soon, the Wofford Together site will have student and employee pledges as a way to show our support of each other. Check the Daily Announcements on Monday and Thursday for additional information.

Starting Monday, Aug. 24, all faculty and staff who come to campus will need to perform daily self-screening. The self-screening should be completed through the Wellness Center patient portal under the myWofford tab. These results are confidential and tracked by the medical staff in the Wellness Center.

Lastly, to report exposure and COVID-19 testing results, please complete the Wellness Center's voluntary confidential [COVID-19 Reporting Process](#). This will assist Wofford in performing contact tracing on the Wofford campus in efforts to control the spread of the COVID-19 virus.

2020

Dear Colleagues,

Greetings to all of you! I look forward to gathering with you this coming Thursday, August 27, as we launch the 2020-21 academic year. Together, we have crafted a detailed plan that will address the various impacts of the coronavirus pandemic on our campus. It is a strong plan, the success of which will depend on each and every one of us adhering carefully to its guidelines. It will be a very different year for the college than those we have seen before, and it can be a very good year, too. In fact, it already has the makings of an outstanding and successful year. For the first time in the college's history, we will welcome almost 500 new Terriers to campus, along with over 20 transfer students and many excellent new colleagues.

Below is the schedule for our annual pre-semester community gathering, along with a list of additional important late-August events. *Please take note:* these meetings, due to the number of attendees, will all take place over Zoom. **All faculty and college staff are especially invited to attend the morning session on Thursday, August 27.** That same afternoon and the following morning, there will be additional information sessions on a variety of timely and important themes. I very much hope you will take the opportunity to attend sessions devoted to updates on COVID-19 responses in various areas of college life, what faculty and staff need to know about the new Title IX policy changes, and much more. These sessions will be practical, immediately applicable and will set you up for success at the start of the year. I look forward to seeing you there!

Remember, the Wofford College campus is tobacco free. That means no smoking, vaping, dipping or chewing in any campus buildings, parking lots and grounds. There are no designated smoking areas on campus.

## **WOFFORD COLLEGE TOBACCO POLICY**

### **Background**

Wofford College seeks to provide a safe, healthy and comfortable environment in which all members of our campus community can live and work. Wofford College and the American College Health Association support the findings of the surgeon general and acknowledge that any form of tobacco use, whether active or passive, is a significant health hazard. The Environmental Protection Agency and the National Institute for Occupational Safety and Health both have classified second-hand smoke as a known carcinogen (cancer causing). A version of this policy, which included designated smoking areas, took effect at Wofford College at the beginning of the fall semester of 2019. The policy was reevaluated in the spring of 2020, and the decision was made to prohibit the use of all smoking and tobacco products on campus beginning fall 2020.

### **Policy**

1. The use of any tobacco or smoking product is prohibited inside buildings or vehicles that are leased, owned or controlled by Wofford College whether signs are posted or not. This includes, but is not limited to, buildings on college-owned, leased or controlled land, offices, classrooms, meeting rooms, laboratories, residential rooms and apartments, elevators, stairwells, balconies, decks, porches, restrooms, bridges and walkways, sidewalks, hallways, entrances, lobbies and athletics venues.
2. "Tobacco and smoking product(s)" include all tobacco-derived or containing products, including, but not limited to, cigarettes (e.g. clove, bidis, kreteks), electronic cigarettes, vaping devices, cigars and cigarillos, pipes, water pipes, smokeless tobacco products or substitutions (spit and spit-less, chew, pouches, snuff) or any other device intended to simulate smoked tobacco.
3. The solicitation of tobacco and smoking products is prohibited on campus and in all college publications.
4. Officers with the Department of Campus Safety may issue citations for use of tobacco/smoking products in violation of this policy with a fine of \$25 when a violation is noted. Fines will be collected by the Department Campus Safety. Continual violations of the policy prohibiting the use of tobacco/smoking products may result in additional disciplinary action.
5. Failure on the part of a faculty or staff member to abide by the policy prohibiting the use of tobacco/smoking products may result in administrative action by the person's supervisor or the Office of Human Resources.

Welcome back! Since March the campus has been so very quiet as we responded to a pandemic. But today, all of us — faculty, staff, coaches and especially students — were together doing what we were meant to do: learn, practice, live and socialize on the Wofford campus. It is wonderful to see so many students and colleagues crisscrossing along the paths of our beautiful campus.

Let us continue to be safe and responsible, and we will be together until Thanksgiving.

We can do this!
